

# Friends of Ballona Wetlands

## Directions to the Saltwater Marsh & Dunes

Nearest address is for Gordon's Market (located at 303 Culver Blvd., Playa del Rey, CA, 90293), but the entrance to the reserve is behind the market, in the northeast corner of the gravel parking lot.

**The Ballona Saltwater Marsh & Dunes** are located at the southwestern edge of the Ballona State Ecological Reserve. You will find the main entrance in the corner of the gravel parking lot behind Gordon's Market (located at **303 Culver Blvd.**).

Take the **405 (from either north or south)** and until you reach the **90 freeway**. Head **west** on the 90 and **exit at Culver Blvd.** Turn **LEFT**. Continue going west on Culver past the intersection with Jefferson Boulevard (on your left), and past the intersection with Nicholson Street (the Inn at Playa del Rey will be on your right). Slow down as you come through the town of Playa del Rey. Look for the GREEN sign on the right that says Playa del Rey Florist and **make a RIGHT into the driveway next to Gordon's Market**. If you miss the turn, you can make a right at the light (Vista Del Mar) and another right into the driveway at Argonaut Street.

Ample parking is usually available in the gravel parking lot behind Gordon's, but may fill up on peak days. Once you've parked, head towards the black wrought-iron gate in the **northeast corner of the lot**, where you will find the entrance to the reserve.
